|                     | Kitchen & Bathroom Upgrades                   | Three neighborhoods were identified for kitchen & bathroom upgrades upon vacancy (turn).                           | 1,253,400  |
| Roads, Gr           | ounds & Forestry                              |  | 568,738    |
|                     | Arguello I Reforestation                      | Remove one acre of declining Monterey cypress in the Arguello Key Hisotric Stand and replant with 200              |            |
|                     | Arguello I Reforestation                      | Monterey cypress seedlings.  | 28,668     |
|                     | Arguello II Reforestation                     | Remove 0.5 acres of trees at the Arguello Key Historic Stand and site prep for planting.                           | 24,418     |
|                     | Kobbe I Reforestation                         | Establishment of 120 Monterey pine and Monterey cypress trees planted in November 2004 (FY05).                     | 5,359      |
|                     | Kobbe II Reforestation                        | Plant 150 Montery cypress and Monterey pine trees at Kobbe and Harrison. Begin establishment.                      | 29,153     |
|                     | Kobbe III Reforestation                       | Remove 0.9 acres of declining Monterey cypress and Monterey pine and prepare site for planting.                    | 33,534     |
|                     | Pine Experimental Site Reforestation          | Establish the 150 pines planted in Janauary of 2005.   | 5,320      |
|                     | Presidio Gate Reforestation                   | Replace Monterey cypress trees that have died or are deformed or diseased. Install automatic irrigation system.    |            |
|                     | Presidio Gale Reiorestation                   | Plant drought tolerant ground-cover around tree plantings.   | 30,059     |
|                     | Redwood Reforestation                         | Remove 0.6 acres of blackwood acacia and site prep in preparation for a Redwood planting in FY 07.                 | 30,114     |
|                     | Rob Hill I Reforestation                      | Establish 150 eucalyptus trees planted in December 2004 east of Rob Hill campground.                               | 2,739      |
|                     | Rob Hill II Reforestation                     | Plant 100 eucalyptus seedlings at Rob Hill campground near Central Magazine Road.                                  | 26,895     |
|                     | Rob Hill Reforestation III                    | Remove 0.9 of an acre of topped eucalyptus east of the Rob Hill Campground.  | 35,809     |
|                     | Tree Hazard Mitigation                        | Address and mitgate all trees rated as "10's" or "9's" in the Presidio's Tree Hazard Assessment.                   | 301,788    |
|                     | West Pacific I Reforestation                  | Establish the 160 Monterey and Gowen cypress planted in December 2003.   | 6,363      |
|                     | West Pacific II Reforestation                 | Establish the 280 Monterey cypress planted in December of 2004.  | 8,520      |
| Utilities           |   |  | 1,672,075  |
|                     |   | Scope of work will be to replace or perform maintenance on deteriorated overhead lines systems such as wooden      |            |
|                     | 700/800 Area OH Lines PM                      | crossarm, polemounted transformers, wooden power poles, primary and secondary conductors.                          | 116,969    |
|                     | Baker Beach Sewer Rehab                       | Rehabilitate the most problematic sewer mains in the Baker Beach housing area.                                     | 132,969    |
|                     | Building 63/67 UG Circuit                     | Convert existing overhead circuit to underground which consist of the installation of PVC conduits, primary cables |            |
|                     | Building 63/67 OG Circuit                     | and termination.   | 43,280     |
|                     | I-J-K-L Outfall                               | Repair of Outfall. Beach encroachment has covered outfall preventing Crissy Filed from draining.                   | 339,636    |
|                     |   |  |            |
|                     | Vacuum Switch at Bldg. 42                     | Scope of work will be to trench and install PVC conduits, concrete manhole. High voltage cables, four way          |            |
|                     |   | vacuum and termination of cables to convert existing overhead circuit to underground behind building 42 Moraga.    | 77,022     |
|                     |   | Perform upgrades to the six sewer lift stations to increase energy and operating efficiency as well as increasing  |            |
|                     | Sewer Lift Station Upgrades                   | reliability. This includes high efficiency impellers, upgraded seals & bearings, monitoring gauges, rebuilding     |            |
|                     |   | check valves and upgrading electronic control panels.  | 51,901     |
|                     | Utilities Funston 11-16, 51-65 (Queen Anne's) | Underground overhead utilities; rehab storm and sanitiary sewer; replace water and fire hydrant water.             | 422,072    |
|                     | Thornburg Planning Area Upgrade               | Underground overhead utilities; rehab storm and sanitiary sewer; replace water and fire hydrant water.             | 321,530    |
|                     | Liggett Housing Secondary                     | Scope of work will be to trench and install PVC and copper conductors for units 720-732. Current conductors are    |            |
|                     |   | direct buried aluminum.  | 49,534     |
|                     | Data Center Upgrade                           | Telecommunications transition.   | 17,415     |
|                     | Water Reclamation Switch Relocation           | Telecommunications transition.   | 40,250     |
|                     | Bldgs 42/45/49 water upgrade                  | Install new water mains and valves.  | 59,498     |
