Subject: **Presidio Trust Request for Final Concurrence – No Unacceptable Soil Vapor Intrusion Risk and No Further Action Determination Buildings 128B and 129A Riley Avenue, Presidio of San Francisco**

Dear Ms. Larssen:

I reviewed the Presidio Trust's letter dated June 7, 2018, requesting the Regional Water Board's concurrence that there is no unacceptable human health risk from soil vapor intrusion (VI) into Riley Avenue Buildings 128B and 129A. I concur that based on the data presented, which was collected in accordance with an approved work plan, vapor intrusion into Riley Avenue buildings 128B and 129A is not a concern warranting further evaluation at this time.
