### **About the Presidio and the Presidio Trust**

The Presidio is one of America's most visited national park sites, located within the Golden Gate National Recreation Area. Spanning 1,500 acres next to San Francisco's Golden Gate Bridge, the Presidio is among the most biologically diverse parks in America. Historically a home to native peoples and a military post under three flags, its facilities have been reinvented as museums, restaurants, hotels, homes, and offices. The Presidio Trust is the federal agency that stewards the Presidio, in partnership with the National Park Service and with support from the Golden Gate National Parks Conservancy. The Trust sustains the Presidio by leasing homes and workplaces and offering visitor amenities. Learn more at [presidio.gov](#).
