

PRESIDIO POP UP

*MURAL BY
FAVIANNA RODRIGUEZ*

ARTIST STATEMENT

The Presidio is a place where people from all walks of life can gather, share a meal, connect with nature, and feel welcome. This mural celebrates the spirit of belonging through native flowers and pollinators that sustain our food systems and support biodiversity. The vivid colors found throughout nature can awaken joy and help us feel more alive, and I wanted to bring that energy into this space.

I've been collaborating with the Presidio since 2022, and watching Tunnel Tops bloom into a thriving ecosystem has been deeply inspiring. Many of the species represented in this mural can be found at Tunnel Tops. I hope this mural invites visitors to pause, look closely, and reflect on the many forms of life that make this place home.
