	• Ten (10) years' experience in designing, installing, testing, and servicing fire sprinkler systems
	• Company Biography describing number of years in business, service capabilities and examples of previous work

Submissions can be sent to:
Fire Protection Office
Presidio Trust
1750 Lincoln Blvd.
San Francisco, CA 94129
fireprevention@presidiotrust.gov

The Fire Protection Office must be notified of any work or testing of existing life safety systems and may require submittals for review and approval. Please contact the Fire Protection Office by calling 415-561-4008 or 415-561-4003 for guidance and requirements. No work may begin on any life safety system without prior approval and permit- if required- before work may commence.

New system installations require submittals including equipment specifications, shop drawings and relevant calculations for review and approval. Please contact the Presidio Trust Building Permitting Department by calling (415) 471-7249 or 415-589-0084 for further information regarding the permitting process and required submittals.
